HORSESHOE BAY RESORT™

SUMMER 2007

LET'S MAKE A SPLASH!

At Horseshoe Bay Resort, we believe in the magic and nostalgia that summer brings. Since the Resort opened its doors in 1971, many generations of families have created meaningful summer memories here. Whether those memories are inspired by back-yard family barbecues, days spent at the pool under the warm Texas sun, or boating on Lake LBJ, each memory created is unique, lasting and powerful. Even the familiar smell of the breeze over the lake has the ability to evoke some of our fondest memories.

This summer, Horseshoe Bay Resort is making a splash! We invite you to come out and see the many fun-filled options for family-oriented water recreation. Soak up the warm rays of the central Texas sun while relaxing on our beautiful white sand beach inspired by a touch of the tropics. The recently expanded Yacht Club pool deck comfortably seats more than 80 people. Enjoy the ambiance and solitude of the lagoon-style Cap Rock pool, which overlooks the 18th hole of the Apple Rock golf course. Cruise Lake LBJ on a jet ski, pontoon boat or ski boat from the Marina.
